Marga,

You stated that the assaults and ongoing trafficking on Bonaire are “outside the scope” of the appeal you filed. That position is unacceptable. The Court assesses the current risk based on all relevant facts, including new violence, trafficking, and retaliation that occur during an active protection case. These events form part of the danger I face and part of the pattern of exploitation, coercion, and retaliation connected to my trafficking history.

I am giving you a clear directive:

You will incorporate the assaults on Bonaire, the police report, Kenny de Schrijver’s admissions, the injury photos, the broken door, the WhatsApp messages, and all ongoing trafficking-related danger into my protection case.

These events show ongoing serious harm and demonstrate that I am not safe. They are directly tied to the trafficking I already reported and the retaliation I face for speaking out. You will not exclude them.

You will provide written confirmation that you have informed both the Court and the IND of these facts. If you have not done so, you will do it immediately and provide written confirmation.

You stated nowhere that the Court is prohibited from considering these facts. You only stated that you did not include them. That omission is not legally valid and it places my life in danger. These events fall within established definitions of persecution, serious harm, and ongoing trafficking. They strengthen the risk analysis and must be part of the

record.

Provide written confirmation that these events are now included in my protection case.

Onderwerp: Instructie om lopende mensenhandel en de aanvallen op Bonaire in mijn beschermingszaak op te nemen

Marga,

U stelde dat de aanvallen en de lopende mensenhandel op Bonaire “buiten de reikwijdte” vallen van het beroep dat u heeft ingediend. Die positie is onaanvaardbaar. Het Gerecht beoordeelt het actuele risico op basis van alle relevante feiten, inclusief nieuwe vormen van geweld, mensenhandel en represailles die plaatsvinden tijdens een lopende beschermingszaak. Deze gebeurtenissen maken deel uit van het gevaar dat ik loop en vormen een patroon van uitbuiting, dwang en represailles dat rechtstreeks verbonden is met mijn eerdere mensenhandel.

Ik geef u hierbij een duidelijke instructie:

U neemt de aanvallen op Bonaire, de politierapportage, de erkenningen van Kenny de Schrijver, de foto's van mijn verwondingen, de kapotte deur, de WhatsApp-berichten en alle lopende mensenhandel-gerelateerde gevaren op in mijn beschermingszaak.

Deze gebeurtenissen tonen lopende ernstige schade en maken duidelijk dat ik niet veilig ben. Zij staan rechtstreeks in verband met de

dat ik niet veilig ben. Zij staan rechtstreeks in verband met de mensenhandel die ik al heb gemeld en de represailles die ik ondervind omdat ik naar voren ben gekomen. U mag deze feiten niet uitsluiten.

U verstrekt schriftelijke bevestiging dat u zowel het Gerecht als de IND over deze feiten hebt geïnformeerd. Indien u dit nog niet hebt gedaan, doet u dat onmiddellijk en verstrekt u schriftelijke bevestiging.

U hebt nergens gesteld dat het Gerecht wettelijk verboden is deze feiten te beoordelen. U hebt alleen verklaard dat u ze niet hebt opgenomen. Die omissie is juridisch ongeldig en brengt mijn leven in gevaar. Deze feiten vallen binnen de erkende definities van vervolging, ernstige schade en lopende mensenhandel. Zij versterken de risicobeoordeling en moeten onderdeel van het dossier zijn.

Verstrek schriftelijke bevestiging dat deze feiten nu zijn opgenomen in mijn beschermingszaak.

Dear Jessica,

I have read your message carefully. I must again clarify the foundations of your case, the scope of my legal representation, and the limits of what can be addressed within the ongoing IND CN appeal procedure.

You travelled to Bonaire in mid-September, and you instructed me to assist you in filing an application for protection with IND CN. After the process was explained to you, the application was submitted on the basis of the events you described as having taken place in the United States. The decision now under appeal and the hearing scheduled for next week concerns those grounds only. That is the legal framework in which I am acting, and nothing I have written contradicts that.

The incidents you describe involving Mr. De Schrijver on Bonaire do not form part of the grounds on which your protection application was made. They were not included in your original claim, and they cannot be introduced into the current appeal. This is what I have consistently explained and confirmed.

In your police report/ your written communications to KPCN, you describe that you were seeking another attorney. Throughout this process, I have experienced significant difficulty communicating with you, as your instructions and statements

regularly change or contradict each other. As I have also told you during our personal meetings at my office, I do not feel safe continuing representation under these conditions, especially after Mr. Chris Dorsey contacted my office accusing me of putting pressure on you. I cannot and will not continue in a professional relationship where such allegations are repeatedly made.

I emphasize that you have always been free to choose not to be represented by me. You repeatedly accuse me of not assisting you correctly and of improper conduct; I reject these allegations fully. They are unfounded.

Regarding the case file: I currently do not have access to the digital portal myself. The Court is aware of this. You have received a copy of every document I have submitted. Tomorrow morning I will provide you with IND's written defense as soon as it becomes available to me. The content of that document, together with the appeal brief I filed on your behalf, defines the scope of the appeal. The matters concerning Mr. De Schrijver are not part of that scope.

The portal is not intended for clients. It is accessible only to the Court, to IND CN, and to authorized legal representatives.

I remain waiting for you to inform me which communication method is safe for you currently.

You also ask me to state what "went differently" from what you intended. I cannot evaluate, reconstruct, or correct decisions you now dispute, because I was not present during the moments when you say certain messages were sent or instructions were influenced. The process is already in motion, and the appeal concerns the material that was originally submitted.

Again, the issues you describe involving Mr. De Schrijver relate to criminal law. Those matters fall entirely outside the current IND procedure, and outside the assignment you gave me. I read that you have initiated a police process. I trust the police will address these matters accordingly.

Subject: Re: Court Portal Access – Login Details

Marga,

I need to clearly state what your email this morning means, based entirely on your own words, so that the record is accurate.

1. You are formally refusing to treat Kenny De Schrijver's assaults, intimidation, and interference as part of my protection case.

You wrote:

"The incidents you describe on Bonaire... do not form part of the grounds of your protection application and cannot be incorporated into the immigration procedure or the appeal."

This means:

You will not use Kenny's abuse, interference, or violence in my protection case.
You consider the Bonaire assaults "not relevant."

This conflicts with Dutch trafficking standards, which recognize current coercion, control, and interference as relevant indicators of danger and exploitation.
But this is the position you stated.

-
2. You are refusing to identify or correct anything Kenny De Schrijver influenced.

You wrote:

"I am not able to determine this, nor can I amend the factual or procedural record in the manner you request."

Meaning:

You will not tell the court that Kenny De Schrijver sent the acceptance message.
You will not correct anything Kenny De Schrijver distorted.
You will not fix procedural errors affected by him.

This protects you, not me.

-
3. You claim you acted only on what I provided, even after being informed that Kenny De Schrijver wrote the message.

You wrote again:

“The steps taken were based on the information and instructions you provided.”

This means:

You are still treating the acceptance message — sent by Kenny De Schrijver — as if it came from me.
You are refusing to acknowledge the interference even after being told.

This is the contradiction that needs to be clarified.

4. You deny the possibility that you may have collaborated with others.

You wrote:

“I reject these allegations entirely... unfounded.”

This is defensive positioning, and it acknowledges that you are aware the situation appears concerning.

5. You are directing me toward ending the representation.

You wrote:

“You previously indicated that you may wish to engage another attorney... I can notify the Court accordingly.”

Meaning:

You are opening the door for me to fire you, and you are preparing the administrative justification to exit the case.

6. You still will not provide portal access or copies of what has been filed.

You avoided answering directly.
Portal access would reveal what has or hasn't been submitted in my name, and this is why the refusal is significant.

7. You are limiting your representation to U.S.-based grounds only.

Meaning:

You will not include any Bonaire violence, interference, intimidation, or assaults as evidence, even though these events are legally relevant indicators of ongoing trafficking risk.

This is the central issue that must be addressed.

Relevant Dutch Law

Under Article 273f of the Dutch Criminal Code (human trafficking), indicators of exploitation and trafficking include:

coercion
violence or threats
deception
abuse of vulnerability
restriction of a person's freedom or ability to seek help
forcing a person into work or services
exerting control over a person's decisions or communications

Kenny De Schrijver's actions fall directly within these categories as defined under Dutch law.

If this interpretation is not correct, please clarify your position.

For your convenience, the Dutch translation of this email is included below.

law.

Marga,

Ik moet duidelijk uiteenzetten wat uw e-mail van vanmorgen betekent, volledig gebaseerd op uw eigen woorden, zodat het dossier correct is.

U weigert formeel om de mishandelingen, intimidatie en inmenging door Kenny De Schrijver te behandelen als onderdeel van mijn beschermingszaak.

U schreef:

"De incidenten die u beschrijft op Bonaire... maken geen deel uit van de gronden van uw beschermingsaanvraag en kunnen niet worden opgenomen in de immigratieprocedure of het beroep."

Dit betekent:

U gebruikt Kenny's mishandelingen, inmenging of geweld niet in mijn beschermingszaak.
U beschouwt de mishandelingen op Bonaire als "niet relevant".

Dit staat haaks op Nederlandse normen voor mensenhandel, die actuele dwang, controle en inmenging erkennen als relevante indicatoren van gevaar en uitbuiting.
Maar dit is de positie die u hebt ingenomen.

U weigert te identificeren of te corrigeren wat door Kenny De Schrijver is beïnvloed.

U schreef:

"Ik ben niet in staat dit te bepalen, noch kan ik het feitelijke of procedurele dossier op de door u verzochte wijze aanpassen."

Dit betekent:

U zult de rechtbank niet informeren dat Kenny De Schrijver het acceptatiebericht heeft gestuurd.
U corrigeert niet wat door hem is verstoord.
U herstelt geen procedurele fouten die door hem zijn beïnvloed.

Dit beschermt uzelf, niet mij.

U stelt dat u uitsluitend handelde op basis van wat ik heb verstrekt, zelfs nadat u was geïnformeerd dat Kenny De Schrijver het bericht had geschreven.

U schreef opnieuw:

“De genomen stappen waren gebaseerd op de door u verstrekte informatie en instructies.”

Dit betekent:

U behandelt het acceptatiebericht — dat door Kenny De Schrijver is verzonden — nog steeds alsof het van mij afkomstig was. U weigert de inmenging te erkennen, zelfs nadat u hiervan op de hoogte bent gesteld.

Dit is de tegenstrijdigheid die moet worden verduidelijkt.

U ontkent dat u mogelijk met anderen hebt samengewerkt.

U schreef:

“Ik wijs deze beschuldigingen volledig van de hand... ongegrond.”

Dit is een defensieve houding, en het erkent dat u weet dat de situatie zorgwekkend oogt.

U stuurt mij richting het beëindigen van de vertegenwoordiging.

U schreef:

“U gaf eerder aan dat u mogelijk een andere advocaat wilt inschakelen... Ik kan de rechtbank hiervan op de hoogte stellen.”

Dit betekent:

U opent de deur voor mij om u te ontslaan, en u bereidt de administratieve rechtvaardiging voor om de zaak te verlaten.

U verstrekt nog steeds geen portaaltoegang of kopieën van wat er is ingediend.

U antwoordde hier niet rechtstreeks op.
Portaaltoegang zou laten zien wat er wel of niet in mijn naam is ingediend, en dit maakt de weigering belangrijk.

U beperkt uw vertegenwoordiging tot uitsluitend gronden uit de Verenigde Staten.

Dit betekent:

U neemt geen enkel geweld, inmenging, intimidatie of mishandeling op Bonaire op in het dossier, terwijl deze gebeurtenissen wettelijke indicatoren zijn van aanhoudend mensenhandelsgevaar.

Dit is de kern van het probleem dat moet worden aangepakt.

Relevante Nederlandse wetgeving

Volgens Artikel 273f van het Wetboek van Strafrecht (mensenhandel) omvatten indicatoren van uitbuiting en mensenhandel:

dwang
geweld of bedreiging
misleiding
misbruik van kwetsbaarheid
beperking van iemands vrijheid of mogelijkheid om hulp te zoeken
dwingen tot arbeid of diensten
feitelijke controle uitoefenen over iemands beslissingen of communicatie

Het gedrag van Kenny De Schrijver valt rechtstreeks binnen deze categorieën zoals gedefinieerd in de Nederlandse wet.

Als deze interpretatie niet correct is, verzoek ik u uw standpunt te verduidelijken.

Dear Jessica,
Bon siman.

Thank you for your message. I will address your concerns and clarify the legal and professional boundaries relevant to your case.

As previously stated, I represent you in the IND CN procedure concerning your request for protection based on events allegedly occurring in the United States. The incidents you describe on Bonaire from October and November do not form part of the grounds of your protection application and cannot be incorporated into the immigration procedure or the appeal.

I have reviewed your police statement. I cannot comment on the substance of those events, as I was not present; I can only confirm that I observed one bruise during our meeting and no further injuries.

Regarding your request that I identify or correct communications or decisions that may have been made under coercion: I am not able to determine this, nor can I amend the factual or procedural record in the manner you request. Your case has been presented solely on the basis of the documents you provided and with your explicit consent at each relevant stage.

I must also clarify several procedural and contractual points:

1. There has never been an official former hearing date. As I explained earlier, no earlier legally established hearing date existed. The only official hearing date is 9 December 2025.
2. As you are aware the deadline for requesting a postponement has long passed. We have discussed this extensively. It is no longer procedurally possible to request a postponement at this stage.
3. Today is the final date for submitting any additional documents

for the upcoming hearing. At this moment, there are no additional documents to submit.

4. No substantive response has been received from IMMO.
5. BES law applies, and certain procedures or concepts from the Dutch mainland do not apply here.
6. Our agreement is a one-time payment, which you have already made. This fee covers the IND CN procedure up to and including the appeal and was agreed as a fixed-fee arrangement to accommodate your circumstances. This agreement does not include additional work outside the immigration procedure, such as criminal-law matters, interference allegations, reconstruction of communications, or broader (protective) actions. These matters fall outside both the scope of my professional assignment with you and our fee arrangement.
7. Communication has been challenging, as your statements and instructions are often inconsistent. At times you indicate one course of action, while your subsequent actions or messages reflect the opposite. This complicates the legal process and makes it difficult to safeguard your interests effectively.
8. For the sake of clarity, you have repeatedly suggested that I might be collaborating with others to remove you from Bonaire. I reject these allegations entirely. They are unfounded and incompatible with my professional obligations. My responsibility is to act independently and solely in your legal interest within the boundaries of the IND CN procedure.

You previously indicated that you may wish to engage another attorney. If you decide not to continue our cooperation, I can notify the Court accordingly upon your instruction.

To ensure secure communication, please inform me which channels you can safely use.

Urgent Clarification Required Regarding Representation and Interference in My Case

Dear Marga,

Thank you for your reply. I appreciate clarity, professionalism, and constructive cooperation, and I will continue communicating with you in that manner. At the same time, the factual circumstances affecting my case must be handled accurately and according to your professional obligations under Dutch law.

I confirm the following facts for the record. During the period in which key decisions in my procedure were made, I did not have free communication, free movement, or independent control over my phone or documents. Kenny de Schrijver assaulted me, restricted my ability to speak freely, monitored conversations, and sent messages from my phone without my consent. These include messages to you regarding postponement and the progression of the case. These were not

my instructions, and I was not in a position to correct them at the time.

Under Dutch asylum procedure and administrative law, these circumstances qualify as “bijzondere omstandigheden” that materially affected my ability to provide valid instructions. Under your duty of care (zorgplicht) and your responsibility to safeguard my interests, I am relying on you to take the correct legal steps now that the facts are known.

I therefore ask you to confirm the following actions:

First, that you will inform the court and IND CN that my earlier communications and decisions were made under coercion, intimidation, and physical violence, and therefore do not represent my actual wishes or instructions.

Second, that you will include the Statement of Assaults and the related evidence of interference in my case file so the full factual circumstances are documented.

Third, that you will identify which decisions or steps in my procedure occurred during the period in which I was unable to communicate freely, and that you will correct the record accordingly so that only valid instructions are relied upon.

Fourth, that you will request a postponement restoring the original hearing date of 30 January 2026, because the advanced date was accepted while I was under coercion. Restoring the original date is necessary to ensure fairness and to present my case without influence from intimidation or interference.

I also ask you to send me the stamped confirmation of receipt for the filings you will now submit to the Court and IND CN regarding the correction of the record, the inclusion of the Statement of Assaults and evidence, and the request to restore the original hearing date of 30 January 2026.

These actions follow directly from your professional responsibilities and the need to safeguard a fair procedure. I am requesting your confirmation of the steps above so my case may proceed transparently and safely.

Dringende Verduidelijking Betreffende Vertegenwoordiging en Inmenging in Mijn Zaak

Geachte Marga,

Hartelijk dank voor uw reactie. Ik waardeer duidelijkheid, professionaliteit en constructieve samenwerking, en ik zal op die manier blijven communiceren. Tegelijkertijd is het noodzakelijk dat de feitelijke omstandigheden die mijn procedure hebben beïnvloed correct worden verwerkt volgens uw professionele verplichtingen onder Nederlands recht.

Ik bevestig hierbij de volgende feiten voor het dossier. In de periode waarin belangrijke beslissingen in mijn procedure zijn genomen, had ik geen vrije communicatie, geen vrije bewegingsruimte en geen onafhankelijke controle over mijn telefoon of documenten. Kenny de Schrijver heeft mij

telefoon of documenten. Kenny de Schijver heeft mij mishandeld, mijn mogelijkheid om vrij te spreken beperkt, gesprekken gemonitord en berichten vanaf mijn telefoon verzonden zonder mijn toestemming. Dit omvat berichten aan u over uitstel en de voortgang van de zaak. Dit waren niet mijn instructies, en ik kon deze destijds niet corrigeren.

Volgens het Nederlandse asielrecht en bestuursrecht vallen deze omstandigheden onder “bijzondere omstandigheden” die mijn vermogen om geldige instructies te geven wezenlijk hebben beïnvloed. Op grond van uw zorgplicht en uw verantwoordelijkheid om mijn belangen te beschermen, reken ik erop dat u de juiste juridische stappen neemt nu deze feiten bekend zijn.

Ik verzoek u daarom om bevestiging van de volgende acties:

Ten eerste, dat u de rechtbank en IND CN informeert dat mijn eerdere communicatie en beslissingen onder dwang, intimidatie en fysiek geweld tot stand zijn gekomen, en dus niet mijn daadwerkelijke wensen of instructies vertegenwoordigen.

Ten tweede, dat u de Statement of Assaults en het bijbehorende bewijs van inmenging aan mijn dossier toevoegt, zodat de volledige feitelijke omstandigheden worden vastgelegd.

Ten derde, dat u vaststelt welke beslissingen of stappen in mijn procedure hebben plaatsgevonden in de periode waarin ik niet vrij kon communiceren, en dat u het dossier corrigeert zodat uitsluitend geldige instructies worden gebruikt.

Ten vierde, dat u een verzoek tot uitstel indient waarmee de

ten vierde, dat u een verzoek tot uitstel indient waarmee de oorspronkelijke zittingsdatum van 30 januari 2026 wordt hersteld, omdat de vervroegde datum tot stand is gekomen terwijl ik onder dwang stond. Het herstellen van de oorspronkelijke datum is noodzakelijk voor een eerlijk verloop van de procedure en een correcte presentatie van mijn zaak.

Ik verzoek u daarnaast om mij de gestempelde ontvangstbevestiging toe te sturen van de stukken die u nu indient bij de rechtbank en IND CN betreffende de correctie van het dossier, het toevoegen van de Statement of Assaults en het bewijs, en het verzoek om de oorspronkelijke zittingsdatum van 30 januari 2026 te herstellen.

Deze acties vloeien rechtstreeks voort uit uw professionele verantwoordelijkheden en zijn essentieel voor een eerlijk en zorgvuldig proces. Ik verzoek u vriendelijk om bevestiging van bovenstaande stappen, zodat mijn zaak transparant en veilig kan worden voortgezet.

Met vriendelijke groet,
